

Primary care that puts seniors first

At ArchWell Health, we make our members' overall health and wellness our top priority. Our personalized plans focus on preventive care to keep seniors healthy and happy in later life.

More time with doctors

Our doctors see fewer patients, so they can spend more time with our members and get to know their individual health goals and needs.

A dedicated care team

Every ArchWell Health member has a dedicated team of healthcare professionals focused on both their immediate needs and their long-term wellness.

On-site testing and health screenings

Routine lab work and tests are available at all ArchWell Health centers, so our members don't need to travel to a different location.

Specialist referrals

If a member requires specialized care, their care team will refer them to specialists in their network at no extra cost.

Care coordination

Our care teams help members navigate their entire health network, including specialists, caregivers, and insurance providers.

24/7 availability

Members can reach us by phone or app anytime, day or night. Same-day appointments are available for urgent care needs.

A vibrant community

Every ArchWell Health location includes an activity center where members can enjoy fitness classes, games, and other opportunities to connect with seniors in their community.

See back of this sheet for information about our Florida Gulf Coast centers.

**ArchWell Health centers can be found in
convenient locations across the Florida Gulf Coast.
Center hours are 8:00 A.M. - 5:00 P.M. Monday through Friday.**
